

Meet Kaiser ~ he's ready to be adopted!!!

This beautiful boy is a Border Collie mix and is eight months old and neutered and up to date on his shots and SO ready to be adopted by a loving family and to begin his new life!!

He needs a fenced yard to play in, a daily walk, and a bed to call his own. He has a lot of energy and would do great in a life where he is a real part of the family and gets to run and play a lot.

He is so great that a group of people rallied around him to cover the cost of his neutering to raise his chances of being adopted from the shelter. His time there is limited....so, if this boy belongs with you...please come to the shelter asap to meet him! He is a darling and a joy and so deserves a chance to live.

....

**He is currently at the High Desert Humane Society in Silver City located at:
